ASSEMBLING OF TABLE BASE 8012

- 1 To assemble the Table Base 8012, start by mounting the three Y-shaped bars (A) onto the foot plate (B) using the three enclosed M10x25 screws (C). Do not fully tighten the screws yet, so the bars can be adjusted when mounting the top plate.

- 2 Place the top plate (D) onto the Y-shaped bars and secure it using the six enclosed M8x10 screws (E). Finally, tighten the screws on the foot plate to ensure that the table base is fully secured.

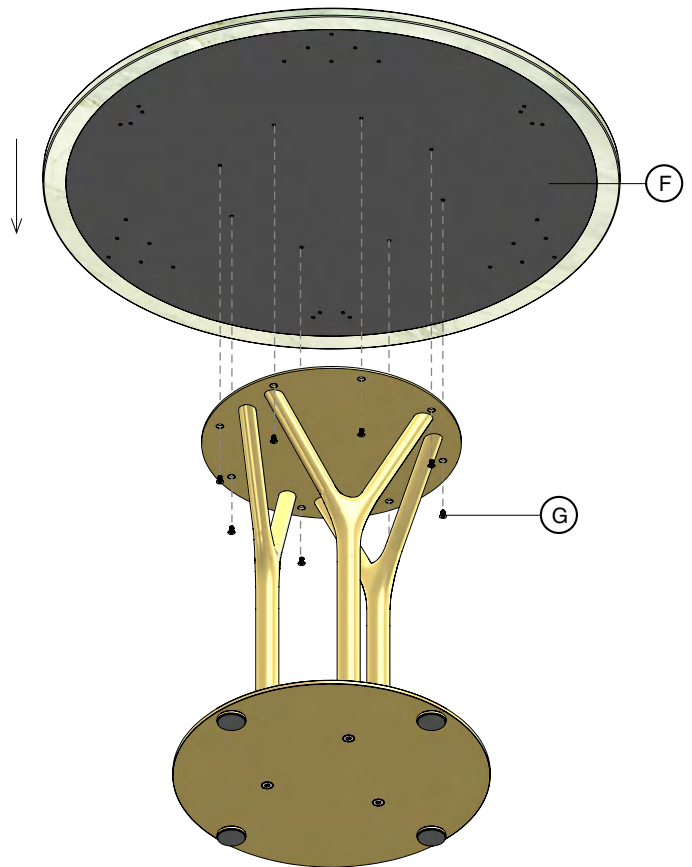

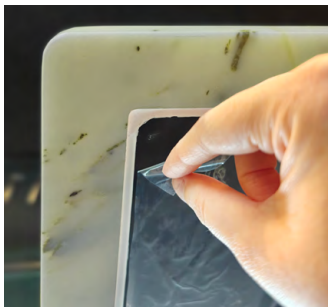

MOUNTING OF TABLETOP FR-798-1000

- 3 Before mounting the tabletop (F), remove the protective film from the aluminium underside as illustrated below.
- 4 Mount the tabletop (F) onto the table base by aligning the holes in the top plate with the pre-drilled holes in the aluminium plate, as illustrated. Secure the tabletop using the enclosed M6x10 screws.

NOTE: The included tabletop is universal and has pre-drilled holes for different table bases and legs. Only use the holes required for this table base, as illustrated.

REMOVE THE PROTECTIVE

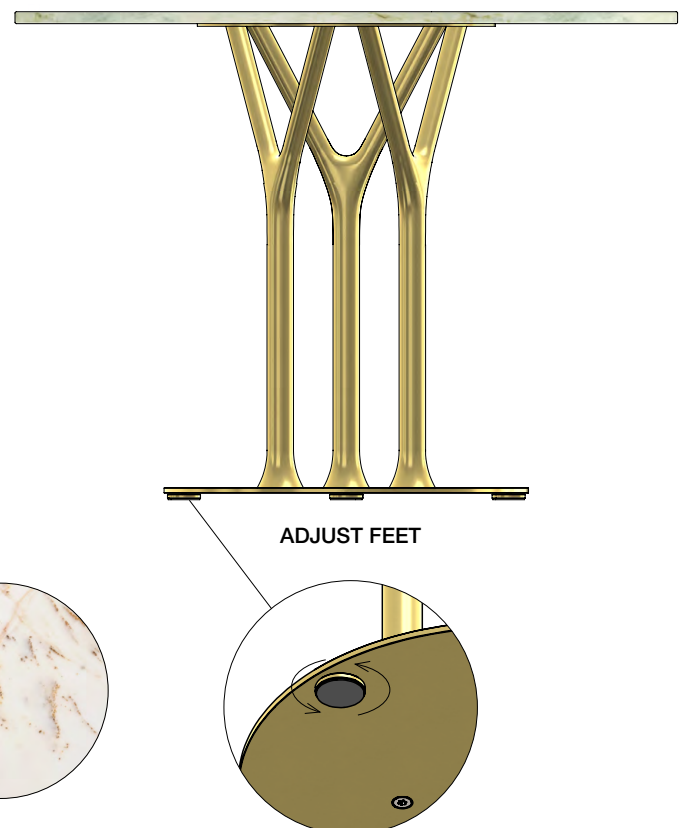

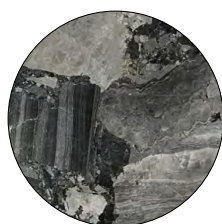

- 5 Once the table is fully assembled, adjust the feet if needed to ensure a level and stable position.

The Dining Table is now ready for use.

TABLETOP INFORMATION

The Tabletops come in three natural stone variations: Forest Green, Van Gogh Grey, and Oriental White. As a natural material, colour, veining, and surface texture will vary. Each piece is unique, and minor irregularities are not considered defects.

For daily cleaning, use warm water and mild soap.
For stubborn stains, a stone cleaner is recommended.
To protect the surface from grease and liquids, apply a neutral impregnator before use.
