BLACK

N1944-B
MATT
BLACK

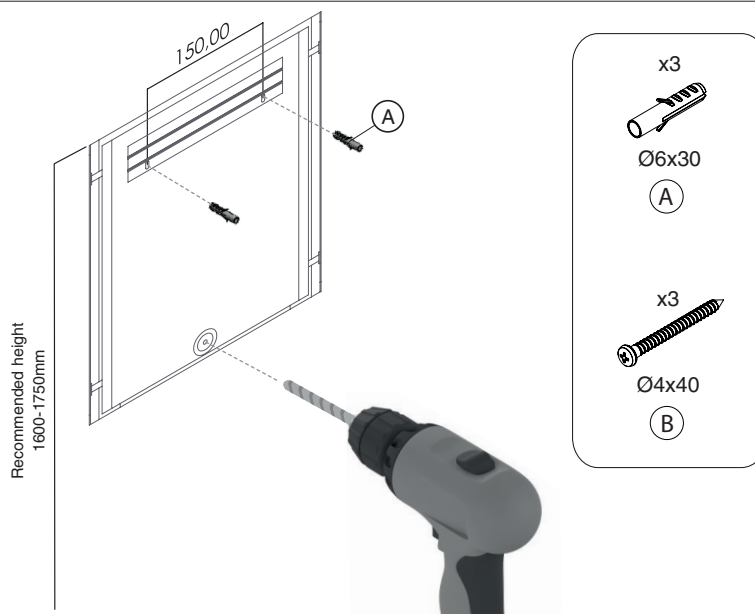

N1944-W
MATT
WHITE

MOUNTING OF N1944

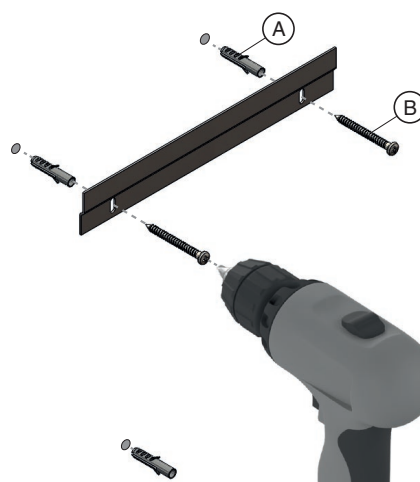

- ① Place the dispenser in the desired position and mark the screw holes as illustrated.

Drill the marked holes using a 6 mm drill bit and insert the enclosed Ø6x30 mm wall plugs (A).

Our recommended mounting height for the Paper Dispenser is 1600-1750 mm.

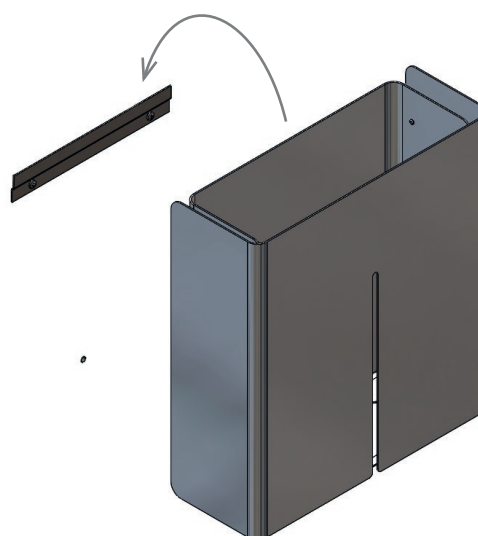

- ② Secure the loose bracket to the wall with the enclosed Ø4x40 mm screws (B) and use a Phillips screwdriver with bit PH2 to tighten the screws.

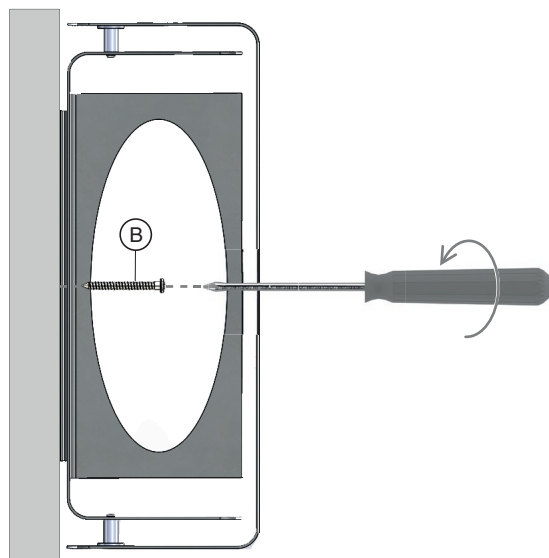

- ③ Place the Paper Dispenser onto the mounted bracket.

Ensure the bottom hole aligns with the screw hole on the Paper Dispenser.

- ④ Use the remaining 4x40 mm screw ⑤ and use a screwdriver with bit PH2 to fully secure the Paper Dispenser to the wall.

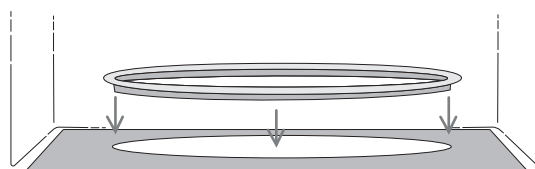

ADDITIONAL PLASTIC RING

- ! To prevent the paper from tearing when pulled out, please install the additional Plastic Ring 1944-Ring on the opening of the Paper Dispenser.

Press the ring firmly down until it clicks into place. Make sure it is evenly secured all the way around the opening.

The ring helps guide the paper smoothly and protects it from rips during use.

RECOMMENDED PAPER

- ! We recommend TORK Advanced Soft H2 Interfold Hand Towels or similar, with the paper size: 220 x 90 mm

CLEANING AND MAINTENANCE

Surfaces should be cleaned with a microfiber cloth, glass cleaner or other non abrasive and gentle agents.

ATTENTION:

Never use solvents or aggressive household cleaners like bleach, acids (e.g. descalers) or ammonia-based bathroom cleaner to clean the product. Steel wool and hard brushes can permanently damage the surface of the steel.

EXCLUSION OF LIABILITY

FROST accepts no liability whatsoever for damage to persons or property that occurs or has occurred as a result of improper installation or maintenance, particularly if the safety instructions and other points to note listed are not or have not been observed in full.

WARNING AND HAZARD NOTICES

Improper mounting or use can lead to accidents and serious injuries.
