BRUSHED STAINLESS	POLISHED STAINLESS	BRUSHED COPPER	POLISHED COPPER	BRUSHED GOLD	POLISHED GOLD	BRUSHED BLACK	MATT BLACK	MATT WHITE

MOUNTING OF N1947-2

- 1 Start by pressing the two rubber spacers on, at the bottom of the shelf. These spacers rest against the wall and help keep the shelf level and stable.

- 2 To attach the Shower Shelf to the shower mixer, gently squeeze the two metal hooks together and slide them up between the mixer valves.

Release the hooks so they grip securely around the mixer valves.

- 3 Your Shower Shelf is now installed and ready for use. For added functionality, you can use the bottom hooks to hang the FROST Shower Wiper or other shower essentials.

CLEANING AND MAINTENANCE

Surfaces should be cleaned with a microfiber cloth, glass cleaner or other non abrasive and gentle agents.

ATTENTION:

Never use solvents or aggressive household cleaners like bleach, acids (e.g. descalers) or ammonia-based bathroom cleaner to clean the product. Steel wool and hard brushes can permanently damage the surface of the steel.

EXCLUSION OF LIABILITY

FROST accepts no liability whatsoever for damage to persons or property that occurs or has occurred as a result of improper installation or maintenance, particularly if the safety instructions and other points to note listed are not or have not been observed in full.

WARNING AND HAZARD NOTICES

Improper mounting or use can lead to accidents and serious injuries.
