MOUNTING OF TABLETOP

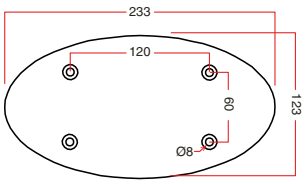

1

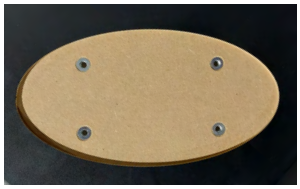

If a FROST tabletop is not used, the tabletop and mounting screws are not included.

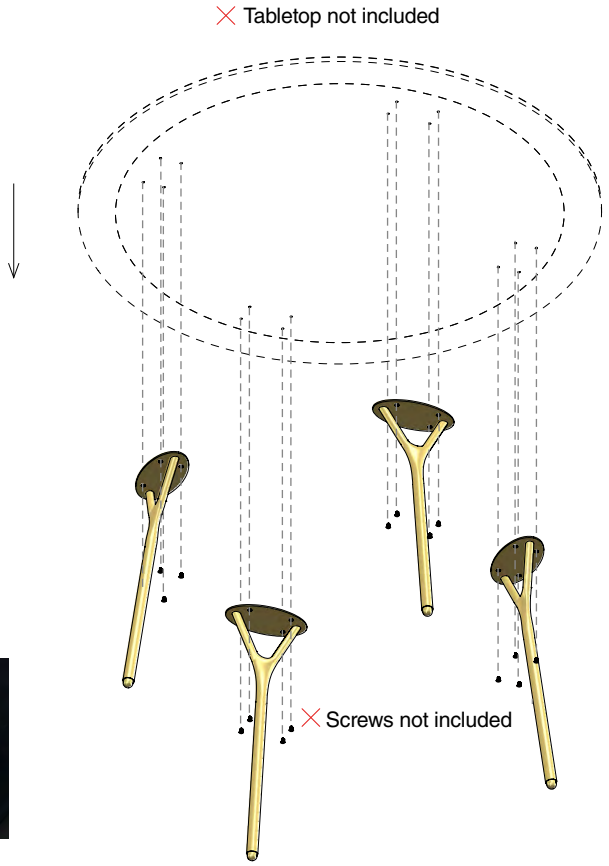

The Table Legs is designed for countersunk M6 screws. Screw length and type depend on the tabletop material and thickness. Please consult the tabletop manufacturer of the chosen tabletop for correct mounting.

3D FILES AVAILABLE ON REQUEST
FROST offers 3DS and 3DWG files of the table Legs.

DXF FILES FOR MILLING
DXF files are available for milling the recess for the mounting plate and positioning the screw holes.
We recommend a 3 mm tolerance around the mounting plate when recessed into the tabletop.

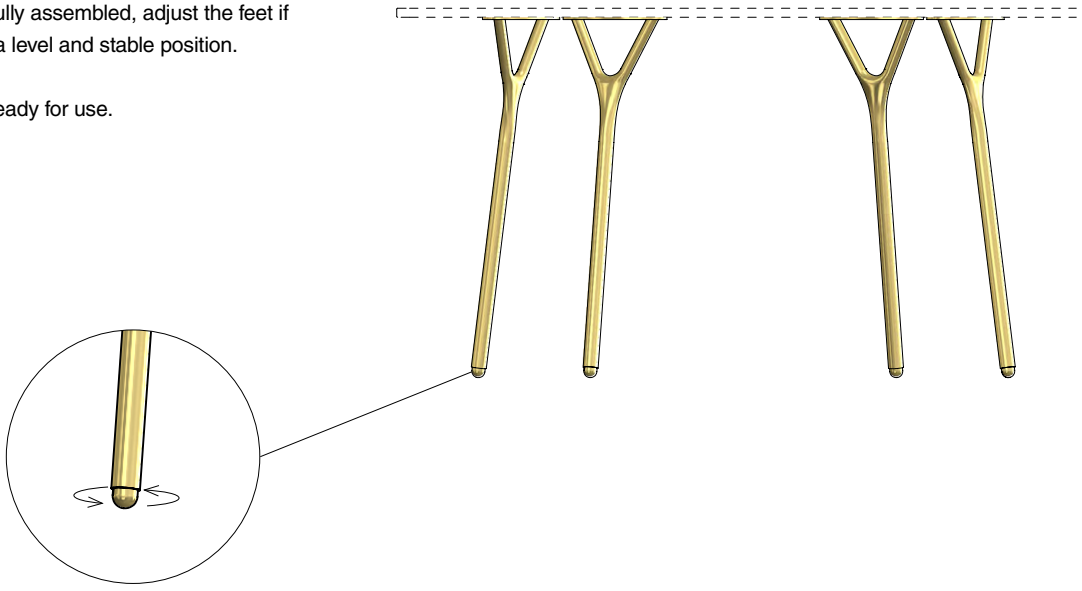

2

Once the table is fully assembled, adjust the feet if needed to ensure a level and stable position.

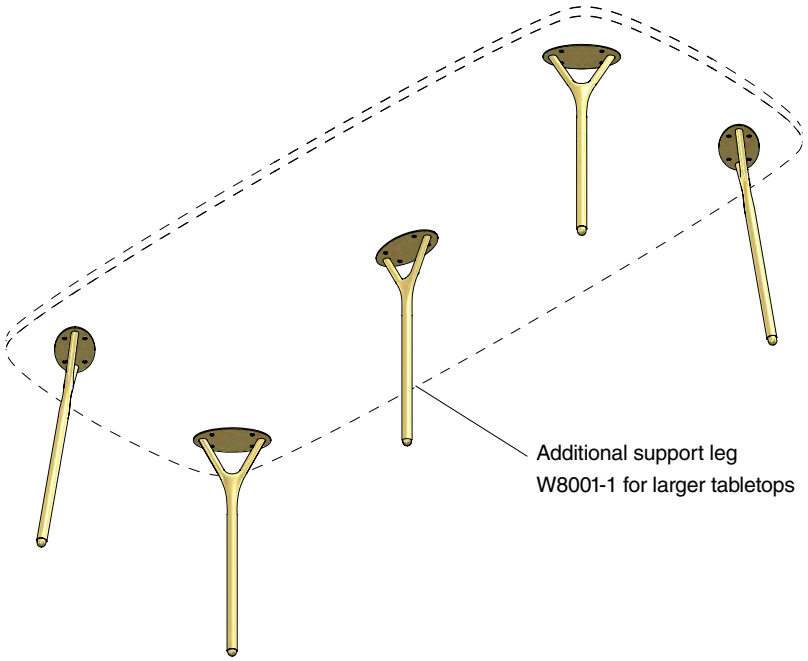

The Table is now ready for use.

ADJUST FEET

SUPPORT LEG 8001-1 FOR LARGER TABLETOPS

For larger table sizes, FROST has designed the additional Table Leg 8001-1 for extra support. Please consult the manufacturer of the chosen tabletop to determine if additional support is required.

SARGE FOR LARGER TABLETOPS

For larger table sizes, FROST has designed the additional support rails U6710-1000 and U6710-500 for extra support. Please consult the manufacturer of the chosen tabletop to determine if additional support is required.

SARGE 6710-1000 (1000 MM)

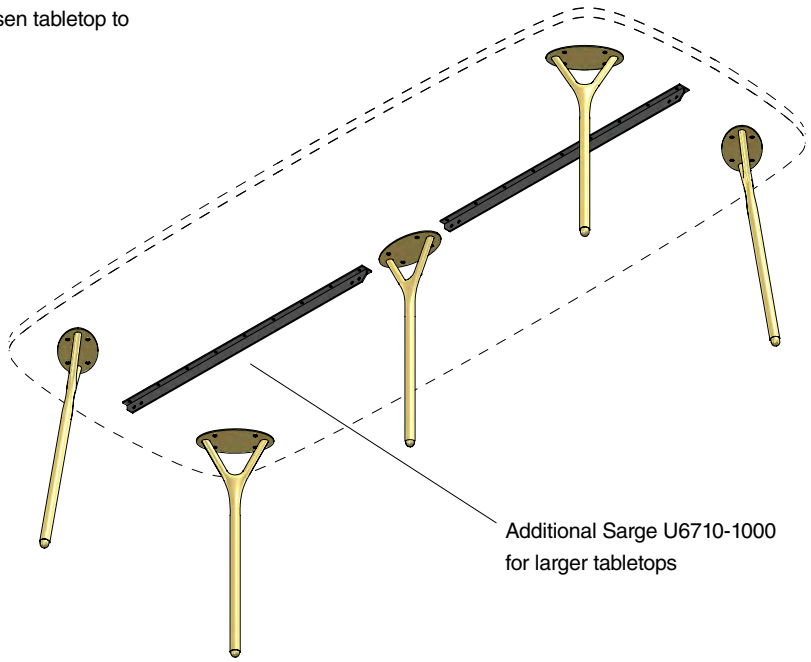

SARGE 6710-500 (500 MM)

SARGE CONNECTOR 6710-2

CLEANING AND MAINTENANCE

Surfaces should be cleaned with a microfiber cloth, glass cleaner or other non abrasive and gentle agents.

ATTENTION:

Never use solvents or aggressive household cleaners like bleach, acids (e.g. descalers) or ammonia-based bathroom cleaner to clean the product. Steel wool and hard brushes can permanently damage the surface of the steel.

EXCLUSION OF LIABILITY

FROST accepts no liability whatsoever for damage to persons or property that occurs or has occurred as a result of improper installation or maintenance, particularly if the safety instructions and other points to note listed are not or have not been observed in full.

WARNING AND HAZARD NOTICES

Improper mounting or use can lead to accidents and serious injuries.
